

GÜZELKENT ANATOLIAN HIGH SCHOOL**2013-2014 ACADEMIC YEAR 9TH CLASSES ENGLISH LESSON 1ST TERM 2ND WRITTEN EXAM****A) READING SECTION****I) Read the text. Match headings 1–5 with paragraphs A–E (5x2=10 pts)**

- 1) Why do parents choose home school?** _____ **A)** School is important for children and teenagers. They study at school, and they also make friends there. But some children don't go to school. They have lessons at home with their parents.
- 2) How do students meet other children?** _____ **B)** Some families live a long way from towns or cities, so it's impossible for the children to travel to school. Other parents teach their children at home because they don't like normal schools.
- 3) What do home school students think?** _____ **C)** Most home school students study the same subjects and take the same exams as at school. For example, GCSEs when they are 16 and A-levels when they are 18.
- 4) What is home school?** _____ **D)** Home school students study at home on their own, so they don't meet other children very often. But they sometimes meet other home school students and do sports or other activities together.
- 5) Are the subjects and exams the same?** _____ **E)** Jamie and Ellen are home school students. Jamie says, 'I love home school. You can go at your own speed. And you don't have to get up early!' Ellen says, 'Home school is OK, but it's difficult to make new friends.'

II) Are the sentences true for home school students, students at normal schools, or both?

Write HS for "home school", NS for "normal school" or both. (6x2=12 pts)
